JURORS FIND DAVIS GUILTY

PICKERING FARMER FINED FOR THEFT AT SCHOOLHOUSE.

THE LAST JURY CASE

New Trial Denied in Plea of Abatement in Fields-Henderson Case. —Venue Change Granted.

The January, 1927 term of the Nodaway County circuit court has ended, as far as jury trials are concerned. Judge John M. Dawson last night discharged the jury for this term, after it had found Ray Davis, a Pickering farmer, guilty of petit larceny.

After two hours of deliberation by the jury, Davis was fined $50. The verdict was brought in about 6:15 o'clock. Davis was accused of stealing several small articles, including a clock, window shades, a baseball, a bucket and oil can from the Oak Grove schoolhouse, near Gaynor, while he was moving his household goods from Worth county the latter part of January.

Judge Dawson this morning was hearing a motion for a new trial in the plea of abatement of the attachment suit of John Fields against Joseph M. Henderson.

Judge Dawson overruled the motion for a new trial in the plea of abatement in the attachment suit of Fields against Henderson. The plaintiff excepted and filed a term bill of exceptions. The plaintiff then filed an application for a change of venue on the merits of the case, which was granted and awarded to Gentry County.

Judge Dawson will leave Sunday for Grant City to hold the regular term of Worth County Circuit Court.

State Won Two, Lost Two.

Eight juries were impaneled during the January term. Four juries were drawn for state cases. The state won two cases and the juries found two men not guilty of charges brought against them. Harvey Weir was found not guilty of carrying concealed weapons. Ovid Rhodes and Ray Langley were found not guilty of selling intoxicating liquor and George Clemmons was found guilty of receiving stolen property.

Three trials were for damages and the juries found for two of the defendants. They were the suits of Ethel Thayer against the C. H. Atkinson Paving Company and Theodore Knox against George Brown. The jury was unable to agree and discharged in the damage suit of Robert H. Onstott against his brother, Perry Onstott.

The jury found for the defendant in the plea of abatement in the attachment suit of John Fields against Joseph Henderson.

One man was sentenced to the penitentiary and another to two years in the state reformatory.

Criminal cases disposed of, in which juries were waived, follow:

Mason Jones, Frank Short and Gomer Wilson, pleaded guilty to gaming and were fined $25 each upon entering a plea of guilty.

Eugene Wohlford was fined $25 for carrying concealed weapons. He entered a plea of guilty.

Delmar Hammock pleaded guilty to possession of liquor and was fined $200 and sentenced to ninety days in the county jail.

Three Year Sentence Given.

Z. O. Ashford pleaded guilty to grand larceny. He was sentenced to three years in the state prison.

Joseph Ryan pleaded guilty to possession of liquor and was fined $200 and sentenced to three months in jail. Marvin McDonald and Elza Cox received the same fine and jail term when they pleaded guilty to transporting liquor.

Donald Alexander, George Lightfoot and Joe Thompson were fined $25 each upon pleading guilty to gaming.

Dale Clark pleaded guilty to petit larceny and was fined $10.

Harry L. Paxton pleaded guilty to burglary and grand larceny and was sentenced to two years at the state reformatory at Boonville.

George Clemmons was found guilty by a jury of receiving stolen property. He was found guilty fined $100 and sentenced to one year in the county jail.

B. K. Hankins pleaded guilty to gaming and was fined $25. Robert Jones pleaded guilty to violating the motor vehicle law and was fined $25. Dow Huntsman pleaded guilty to manufacturing liquor. He was fined $200 and sentenced to three months to the county jail.

Wilson Davis pleaded guilty to possession of liquor. He received a sentence of three months in the county jail and was fined $200.

Funeral Services for Allen Haller Today

Funeral services for Allen R. Haller, who died Tuesday afternoon at his home in Wilcox, were held at 2:30 o'clock this afternoon at the M. E. Church in Wilcox. Dr. C. C. James, pastor of the First Methodist Church in Maryville, officiated. A quartette composed of Miss Emma Hull, Mrs. Leonard Bosch, Luther Brock and Kenney Tebow sang "Beautiful Isle of Somewhere" and "Abide With Me."

Burial was in the Wilcox cemetery. The pallbearers included Purl Shell, Gus Shell, Ralph Brogan, Clarence Bainum, Delbert Vert and Olen Shelton.

Miss Marion Huff of Chicago, an aunt of Mr. Haller, came this morning for the funeral.

WILL DEBATE FARM RELIEF

S. T. C. SQUAD TO ARGUE McNARY-HAUGEN BILL.

OMAHA U. OPPONENTS

First Match Will Be Held Here On February 25.—Central College Here March 16.

Nodaway Countians interested in farm relief will have an opportunity to hear argument on the much discussed McNary-Haugen bill at the State Teachers College on February 25.

It was announced at the College today that a debate will be held on that date between the debaters of the institution here and a team from Omaha University. The College will have the affirmative and the visitors the negative side of the issue.

The College debaters are now preparing for their first contest of the 1927 season. Miss Violet M. Eastman, debating coach, is working with a class of eleven men and three women students in preparation for a series of intercollegiate meetings.

The local debaters will engage in two types of contests this year. They will compete in the regular teachers college league, and in addition they will have a number of outside debates, the number to depend on their success.

Central College of Fayette will send a team to Maryville for a debate on March 16, and a negative team from this school will go to the Peru, Neb., State Teachers College on March 25. There will also be a debate at Parkville, Mo., with the Park College team.

Those who are now trying out for the debating team are: Mrs. Harold R. O'Banion, Misses Gladys Somerville and Ethel Bostwick, and Burdette Yeo, Leland Medsker, Keith Swisher, Charles Zapf, Fred Street, Fay Woodson Null, Homer Needles, Byron Beavers, Guy Canaday, Clarence Bush, and Richard Baker.

The McNary-Haugen Bill and the direct primary are to be debated.

S. T. C. Classes to Visit Leavenworth

Students of Public Speaking Also to Hear George Arliss in "Old English."

Students in the criminology and public speaking classes at the State Teachers College will visit the federal penitentiary at Leavenworth, Kan., tomorrow afternoon, and members of the speaking class will go on to Kansas City to see George Arliss in "Old English" tomorrow night.

James R. Wallin is instructor of the class in criminology, and Miss Violet M. Eastman is the public speaking teacher. The trip will be made in automobiles.

Following are those who will go on the trip, which starts at 6 o'clock tomorrow morning:

Mr. Wallin, Miss Eastman, Miss Marguerite Fox, and Neva Adams, Thelma Brown, Francis Edwards, Claire Bell, Thomas Merrigan, Alice Hastings, Mrs. T. C. Search, Keith Swisher, Ruby Shores, Mrs. Harold O'Banion, Esther Gile, Fay Woodson Null, Leland Medsker, Guy Canaday, Byron Beavers, Fred Street, Burdette Yeo, Ethel Bostwick, and Clarence Bush.

Mrs. Nell Jones of Parnell was a Maryville business visitor this afternoon.

BANK OBTAINS COURT ACTION

SPECIAL JUDGE MAKES SEVERAL LIQUIDATING ORDERS.

TO SELL 1926 CROPS

Commissioner Also Is Authorized to Pay Interest On Encumbered Land Owned By Real Estate.

First action through court proceedure toward liquidation of the defunct Real Estate Bank was started late yesterday afternoon in Circuit Court when Judge Jesse F. Robertson was sworn in as special judge and made ten orders, relative to affairs of the institution.

S. L. Cantley, state bank commissioner, through his deputy commissioner, E. C. Curfman, by the court orders, was instructed to sell the 1926 crops on the farms that the bank owns, to pay interest out of the bank's assets in order to retain ownership of property and to institute suit for the collection of notes.

Three orders were made relative to the Seyster farm, located about nine miles northeast of Maryville. Mr. Curfman was authorized to sell hay, corn and oats from the 1926 crops of which the bank is owner, and ordered the cash placed to the credit of the bank.

The Seyster land is encumbered by a deed of trust for $17,000 and Mr. Curfman was ordered to pay $936.70 interest now due. He also was directed to pay Ben Bush $77.71 for sixty-two bushels and ten pounds of wheat as seed for the 1927 crop.

The deputy commissioner was ordered to sell the 1926 corn crop raised on what is known as the Frampton land, located approximately two miles northeast of Ravenwood.

He was authorized to institute suit to collect on a note owned by the bank, signed by A. C. Bumpus, amount not named, in the Jackson County circuit court.

Sale of five shares of stock in the Taylor Music Company, Columbia, Mo. given as security for a note that the bank holds, signed by Cora B., Roscoe and Lloyd B. Heifner, in the sum of $2,027.58, was authorized.

Mr. Curfman was authorized to make arrangements for the construction of a dwelling house on the Jones farm, at a cost of $2,300, from the bank's assets. The bank holds an interest in the land, together with other parties who have one-fifth interest. It is located about four miles southwest of Conception. The petition stated the present dwelling house on the land is decayed and unfit for habitation.

Corn and hay from the 1926 on the Jones farm was ordered sold for cash by the deputy commissioner.

As the bank holds among its assets two notes for $3,100 signed by C. T. Cox and secured by assignment of life insurance policy in the Penn Mutual Life Insurance Company and because the premium is due, Mr. Curfman was ordered to surrender the policy for its cash value of $150.38.

He was ordered to pay out of the bank's assets $192.56 due on the first mortgage on a tract of land given as security by Adelia and Thomas F. Buzzard for a $1,147.50 note, dated October 11, 1924. The bank holds this note as an asset. It originally was payable to O. S. Wilson and signed by Adelia and Thomas F. Buzzard.

The land given as security is described as the north half of the north half of the southeast quarter of section twenty-nine, township sixty-five, range thirty-six, located about a mile northwest of Wilcox, on which there is a deed of trust subject to the life estate of J. F. Thomas and to a first deed of trust of $1,500. The note was assigned to the Bank and on account of a default of interest, Mr. Curfman, as deputy bank commissioner, foreclosed and sold the land, becoming purchaser for $1 and secured a deed. The court approved the foreclosure and authorized payment of the interest on the mortgage.

A. O. Stanley Buys Mutz Shorthorns

Harry H. Mutz disposed of his entire herd of pure bred Shorthorn cattle to A. O. Stanley of Sheridan, Mo., yesterday. Mr. Mutz recently sold his farm, north of Maryville.

To Have Operation Tomorrow.

Miss Marie Steinhauser of Conception Junction was brought to St. Francis Hospital yesterday afternoon and will undergo an operation tomorrow.

Gilman City Debate to Be Held Tomorrow

Maryville High School Goes Into Third Round of State League.—Awards Presented.

Maryville High School's third round debate in the State League series will take place in the high school auditorium here tomorrow at 2 o'clock where the local team will meet the Gilman City team. Maryville High will defend the affirmative side of the world court question.

Misses Pauline Nichols and Doris Wallace will represent Maryville in the argument tomorrow afternoon.

Miss Wallace was awarded this morning a degree in the local chapter of the National Forensic League. Mrs. Vern Manley, coach, who gives all her time to debate work, out of class time, also was awarded with a National Forensinc pin. The awards were presented by Miss Edwyna Forsyth.

URGES NEW NAVY LIMITS

COOLIDGE PROPOSES NEW LIMITATION DISCUSSION.

TO MEET AT GENEVA

Great Britain, France, Italy and Japan Asked to Widen 1922 Agreements.

Washington, Feb. 10.— President Coolidge today proposed to the governments of Great Britain, France, Italy and Japan that limitation of cruisers, destroyers and submarines be discussed at the forthcoming Geneva disarmament meeting.

The President sent to Congress a message announcing presenting of his proposal to the powers, through the American ambassadors to the nations involved.

Cruisers, destroyers and submarines were not limited by agreements reached at the Washington disarmament conference in 1922.

The President took issue with foreign governments which have argued at previous sessions of the Geneva arms conference that problems of land, air and sea arms limitations are inseparable. He repeated the contention that naval limitation should be dealt with immediately by the chief naval powers, leaving land and air limitation for regional agreements.

"The American government," said his memorandum, "feels that land and air armaments constitute essentially regional agreements. The American army and air force are at minimum strength. Agreements for land and air limitation in other regions of the world would not be dependent upon the reduction or limitation of American land and air forces."

Both Legs Broken When Tree Falls

Harold Nielson, 20, Son of Mr. and Mrs. John Nielson, North of Guilford, Hurt Late Yesterday.

Harold Nielson, 20 years old, son of Mr. and Mrs. John Nielson, who live north of Guilford, suffered two broken legs yesterday afternoon when a tree which he was cutting fell, the top of it crashing down upon him.

Young Nielson saw an axe in the line where he expected the tree to fall and he went to move it. The tree was more nearly sawed through than he thought and while he was reaching for the axe the tree fell. The accident occurred on the farm of a neighbor, Homer Thompson. The legs were broken between the ankle and knees.

Nielson spent a restless night, but is some better today.

Fire Takes Residence of Joseph Thompson

Two-Story Frame House, East of Guilford, Destroyed; Furniture and Out Buildings Saved.

The two-story frame residence of Mr. and Mrs. Joseph Thompson, about three miles east of Guilford, was burned at 7 o'clock yesterday morning. With the assistance of the Guilford fire department and many neighbors most of the furniture was saved and the out building were not damaged.

The cause of the fire is not known. It is likely that a spark from the chimney set fire to the house. The loss was partly covered by insurance.

Miss Anne Walker of Burlington Junction spent the week-end the guest of Mrs. Jesse F. Robertson.

BRITISH TAKE FIRMER TONE

MORE TROOPS GO ON FROM HONG KONG TO SHANGHAI.

U. S. PLAN IS IGNORED

Cantonese Not to Consider Neutralizing of International Settlement.—British Vessel Fired On.

Hong Kong, Feb. 10.—Two battalions of Indian troops from Calcutta, scheduled to arrive here today, continued on their way toward Shanghai without stopping.

Naval wireless reports today said Chinese troops had fired on a British steamer in the neighborhood of Ichang, a Yangtze river port above Hankow.

Two battalions of white British troops left Hong Kong for Shanghai yesterday.

To Ignore U. S. Proposal.

London, Feb. 10.—The cabinet of the North China government has decided to ignore Secretary of State Kellogg's proposal to the Chinese powers that the international settlement in Shanghai be neutralized, a Daily News dispatch from Peking said today.

Reports from Japan, according to the dispaten, said that the Russian government had sent munitions to Canton from Vladivostock, including 35,000 rifles, more than a million rounds of ammunition, sixty machine guns, and three other guns.

Cabinet Decides on Firmness.

London, Feb. 10.—The British cabinet had decided to show more firmness in its dealings with the Cantonese government, the United Press learned today from an authoritative source.

Encouraged by recent governmental declarations in the United States, Italy and Japan, which were regarded here as sympathetic toward Great Britain, the cabinet has drawn up a program containing three main points, which it intends to put into execution at once:

Vaccinate or Kill Is Order at Pickering

Dog, Thought "Mad," Bites Several Other Animals; Another Shown to Have Hydrophobia; Killed.

Every dog has his day. It's February 10, for Pickering pups. Either "vaccinate or kill" is the ultimatum issued today to dog owners of Pickering and the surrounding territory.

The latest "mad" dog is that owned by Charles Sadler of Pickering. The animal acted queerly yesterday and bit several other Pickering dogs. The animal was killed and the head was sent today for an examination for rabies. The dogs that were bitten are being given the vaccine.

A dog belonging to Rollie Cabel, near Hopkins, also suffered a peculiar malady and its head was sent away for examination. The report showed that the dog did have hydrophobia. Although Mr. Cabel, the owner, was not bitten by the dog, he is taking the treatment for the prevention of the disease.

The mad dog scare had died down in the north part of the county until yesterday when the Sadler dog was affected. Dr. C. P. Fryer, county official, who sent the head away today said a report should arrive here by the first of the week.

Funeral Services for Cecil H. Sheldon Today

The funeral of Cecil H. Sheldon of Kansas City was held at 2 o'clock this afternoon at the Price Funeral Chapel. The service was conducted by the Rev. R. A. Mitchell, pastor of the M. E. Church, South. Burial was in Miriam cemetery. The pallbearers included Dale Bellows, Fred Lewis, Martin Lewis, jr., and Edwin Goodspeed.

The body arrived in Maryville this noon and was accompanied by Mr. Sheldon's mother, Mrs. Elizabeth Sheldon, his sister, Mrs. William Hill, and a brother, Orville Sheldon, all of Kansas City. He also leaves another sister, Mrs. J. W. Dyson of Soo Chow, China.

Mrs. Shell Garten Improved.

Mrs. Shell Garten who was seriously burned when her clothing caught fire at her home in Pickering about four weeks ago, is improving, it was announced today, but is not yet able to leave the hospital.

C. E. Brown is in St. Joseph today on business.

Claude Loch Applies for 13 Car Licenses

Increase Made In State Tags Issued Yesterday—Total Number Brought To 935.

More state automobile license were issued yesterday at the Chamber of Commerce offices than in any one day since last Thursday. Yesterday's total was 112, which was an increase of 43 over the preceding day's total and brought to 935 the number issued since February 1.

Claude Loch of Ravenwood yesterday made application for thirteen licenses for himself and other residents of that community, the largest number sold to any one person.

Indication that roads were improving was seen in the fact that motorists are coming for their licenses from longer distances than a few days ago.

A FARM BILL VETO LIKELY

CONGRESS HEARS PRESIDENT WILL USE POWER.

BLOC MAY RETALIATE

McNary-Haugen Measure May Be Made Issue in 1928 Campaign, With Coolidge Seeking "Third" Term.

Washington, Feb. 10.—With reports being circulated in the Senate chamber that President Coolidge will veto the pending farm price stabilization bill, farm bloc members today threatened retaliatory steps.

The unofficial word, said to have come direct from the White House, was given credence by Republican leaders, who think Mr. Coolidge will refuse to sign the McNary-Haugen bill and will go to the country next year for re-election on the issue.

Many Republican members of the farm bloc met this development with the threat to campaign for another Republican presidential nominee immediately. There was even talk of offering a resolution to the Senate expressing its sense that no President should seek a "third" term.

Senate leaders, and most members of the farm bloc, were inclined to credit the veto prediction. It was pointed out that it has long been the practice of the President to "cross" the politicians and appeal directly to the people. They believe that in accordance with his previous declaration against this type of legislation and regardless of the political exigencies of the occasion, he will decline to affix his signature.

This view is shared by practically all of the Republican Senate group, with the exception of Chairman McNary of the Senate agricultural committee, co-author of the bill. He adheres to his belief that the President will sign it.

Girl Frustrates Prisoners' Escape

Forces Desperado Into Cell At Point Of Revolver; Jailer Is Out.

Kennett, Mo., Feb. 10.—An attempt by several prisoners to make a jail break here was frustrated by Miss Claudia Kendrix, daughter of C. E. Dendrix, jailer at the county jail.

Prisoners are instructed to keep their lights turned on during the evening hours, and when Miss Kendrix noticed that the lights in one cell were not burning she investigated. Her father was away at the time. Armed with a revolver, the girl made her way in the jail to the unlighted cell. She found one prisoner, held on a serious charge had sawed the bars in his cell and was climbing out. Other prisoners were on guard and immediately gave the alarm.

Miss Kendrix drew her revolver and demanded that the prisoner get back into the cell. She threatened to kill him and he returned. She then took him to another cellroom and locked him securely inside after having removed the saw, which he still possessed.

Midshipman Exams to Be Given Here

A civil service examination will be given February 16, 17, 18 and 19, at the postoffice here for four applicants for midshipmen. The examination will be conducted by Eldon Irvin, secretary of the local civil service board.

PRISON PROBE IN PROSPECT

SUBSTITUTE RESOLUTION BROADENS COMMITTEE'S POWER.

GAY PARTIES DENIED

Findley Quoted: "Win Legislature Favor With Glad Hander to Drink Liquor."

Jefferson City, Feb. 10.—There can now be a sweeping investigation of the penitentiary under the Enloe board if the House accepts a substitute resolution which was adopted by the Senate today, broadening the powers of the committee, in order that it may summon witnesses and compel them to testify.

The senate substitute resolution was adopted in lieu of a resolution which passed the house last Friday, providing for the creation of a joint committee of six members to conduct the investigation and financial audit of the prison.

A substitute resolution, which had been agreed upon by the Democratic caucus, was offered by Senator William R. Painter of Carrollton, Democratic floor leader. Senator Richard F. Ralph of St. Louis County, Republican floor leader, offered a substitute for the Painter resolution, providing for the state auditor to make the investigation and audit. Ralph's resolution carried an appropriation of $50,000. The Ralph Substitute was voted down on party lines and the Painter resolution adopted without a record vote.

Senator Nick T. Cave of Fulton, president pro tem, made the principal plea for the Painter resolution, declaring that the Senate would be "the laughing stock of Missouri" if the investigation were turned over to the state auditor.

Jefferson City, Feb. 10.—Charges that members of the Legislature are being influenced by hilarious parties given by lobbyists here in the interests of pending bills were denied vigorously today in a fiery debate on the floor of the House.

The debate was occasioned by an article published this morning in the St. Louis Globe-Democrat, which quoted William P. Findley, general secretary of the St. Louis Chamber of Commerce, as saying that the only way to win favor with the Legislature is "to send a glad hander to Jefferson City with a copper lined stomach to drink their liquor and shake their hands."

Findley was here Tuesday night with a delegation of eighty-two St. Louis business men who appeared before the house committee on retrenchment and reform in behalf of the budget bill of the Missouri Association for Economy in Public Expenditures.

House Leader Blames Senate.

According to the article printed in the Globe-Democrat, Findley, in an address before the St. Louis Chamber of Commerce yesterday, ridiculed the evolution debate in the house and made various references to damp parties which he implied were staged here for the benefit of the Legislature.

O. J. Page, Republican floor leader in the house, took the floor under personal privileges and bitterly assailed Findley and declared his remarks were an insult to the Legislature.

Page implied in his speech that members of the senate had entertained Findley and some of his associates in rather a lavish manner.

"If the senators took him out into the dark and devious paths," he said, "They are the only ones who led him away from righteousness and purity. I am sure it was not the members of the house. I deny this body is a group of efficient and bungling men who are spending the taxpayers' money by indulging in liquor parties and silly debates."

Mrs. Guy Mutz Better.

Mrs. Guy Mutz, who was taken to St. Francis Hospital yesterday morning, seriously ill of pleurisy and threatened pneumonia, was reported better today. Her attending physician stated that he believed the danger of pneumonia past.

Weather

Generally fair today and Friday; slightly warmer Friday.

M. U. Coeds Abandon Bob for Long Tresses

Kansas City, Mo., Feb. 10.—A recent check-up on the University of Missouri campus showed that 60 per cent of the girls either had long hair or were expecting to allow their hair to grow long. A similar survey at the University of Kansas showed that the percentage was fully as great there. Exponents of lengthened tresses are gaining new cohorts daily at both schools, it is said, much to the disgust of the barbers of the towns.

Property Begins to "Move" Near Hopkins

It seems that real estate is beginning to move in Hopkins and vicinity.

This week, Charley Booze traded his 87-acre farm at the east edge of Hopkins to M. Manifold, of Coin, Iowa, for the unimproved 160 acres of land just north of Roy McGuire's, northwest of town. The Booze farm went in at $150 an acre and the 160 acres at even $100.

The Booze farm was then sold to Orville Filson, of Oklahoma, and it will be occupied by his brother, Bob. These deals were all made by Orme & Moore.

Another deal made by these men was the trading of the Hadley Nigh two-acre tract at the northeast edge of Hopkins to Hugh Miller for a forty between Siam and Clarinda, the Nigh property going in at $2000 and the Miller forty at $5000.—Hopkins Journal.

Miss Anne Stitt and A. F. Stitt of Burlington Junction were Maryville visitors today.

SEEKS LARGER SCHOOL AREAS

EDUCATION BILL IS REPORTED FAVORABLY TO HOUSE.

SIX ON COUNTY BOARD

Each District Would Have 64 Square Miles Or At Least 500 Children Of School Age.

Jefferson City, Feb. 10.—Larger school districts with more taxable revenue to support rural schools, is provided for in the substitute bill reported favorably by the house committee on education. The measure embodies many of the provisions of the community school bill sponsored by Charles Lee, state superintendent. Following are the main provisions of the committee's school bill:

The county superintendent of each county will call a meeting of the county school board convention the last Monday of June, at which time there will be selected a county board of education of six members who will on or before January 1, next, divide the entire county into larger proposed community school districts.

Each community school district must comprise a territory of sixty-four square miles, or, in lieu thereof, have an enumeration of 500 children of school age.

The community school district will not become effective until a majority of the voters in the proposed district voting at an annual or special school meeting vote in favor of the proposition.

After the voters in any proposed community school district vote to become a community district the voters of that district will elect a board of education of six members who will have charge of the schools of that district.

Community districts comprising parts of two or more counties can be formed. All cities and towns having an enumeration of 1,000 children of school age are exempted, those districts remaining as they are.

State aid to the amount of $3 a month a child in average daily attendance is provided for all community districts which provide free transportation for children.

Whenever any community school district votes the constitutional limit state guarantees an amount to said district for each student in average daily attendance equal to the average amount spent for each child for the entire state the preceding year. The board of education of any community school district can provide transportation and pay the tuition of high school students to another high school.

The people in any community school district do not have to accept this measure. They can still maintain their schools as they are now doing.

P. A.

—that's my "rolling-stock!"

ROLL a cigarette with good old Prince Albert and you'll know why I prefer this tobacco above all others. Better tobacco — better makin's, that's the net of it. Why, the minute you get that wonderful P. A. fragrance, you know P. A. makes a great cigarette.

The smoke this cigarette sends out is equally fragrant . . . fragrant and refreshing as a breeze through an orchard in blossom-time. Cool and sweet and mellow, yet with that full, rich tobacco body that puts satisfaction into every puff. A cigarette, Fellows!

Get some Prince Albert today and get rolling. You'll start in the minute you've brushed your teeth and roll 'em and smoke 'em all day long. No matter how satisfied you think you are now, take this from me: You don't know what you're missing if you don't know P. A.

And all that I have said about P. A. for home-rolled cigarettes goes for jimmy-pipes as well. Even the pipe-shy and the pipe-perplexed have settled on P. A. and are getting solid satisfaction, day in and day out. No bite. No parch. *Pleasure Always!*

P. A. is sold everywhere. And always with every bit of bite and parch removed by the Prince Albert process.

Reavis Shoe Co.

Better Shoes for Less Money.
We Do Repairing.

Tire Repairing

There is no tire built that is not subject to injury in service.

Thousands of the finest tires made are injured in service every month, and the only remedy for these tires is Expert Vulcanizing.

All good tires are guaranteed free from defects when they leave the factory—any reputable manufacturer will make a satisfactory adjustment on a tire that fails through any fault of his in making the tire.

But no tire manufacturer can be expected to make adjustment on a tire that is bruised, cut or broken in service—any more than a tailor could be expected to replace a coat that is torn.

For ten years we have been repairing tires—thousands of them. Our repairs are smooth, flexible and strong. We do not mar the tread design or disfigure your tire in any way.

If you have an injured tire of any make we will be glad to examine it for you—tell you whether it is worth repairing and exactly what the repair will cost.

WE GUARANTEE our repairs to last as long as the rest of the tire. In the past three years not one single repair of ours has failed to give good service—and less than one out of 100 has been returned for any cause whatever.

We will not repair a tire unless it will give more in service than the cost of the repair.

UNDER-INFLATION puts more tires in the junk pile than all other abuses combined.

Miss Wilma Frankum Wins a State Letter

Miss Wilma Frankum, an advanced junior in the Maryville High School, daughter of Mr. and Mrs. W. S. Frankum, was awarded yesterday afternoon with a state letter M, by Coach Ruth Bookman. The award is made on the basis of physical development and good scholarship. Fifteen state letters have been awarded to boys and girls since last year.

Mrs. C. E. Patterson, and Mrs. Mary Hornbuckle and daughter, Mary Charlene, of Harmony were Maryville visitors today.

C. J. Alderman and Ralph Yehle were St. Joseph visitors today.

This and That

Speaking of ideal birthday gifts, Mr. and Mrs. F. M. Townsend have moved into their new home on Normal avenue, and they moved in Tuesday, Mrs. Townsend's birthday.

Several Maryville girls are asking about the "radio announcer with the handsome voice" who gave the report of the basketball game at the courthouse last night.

A few cases of scarlet fever have been reported in Nodaway County during the past week.

Talk about women's styles being extreme, have you seen the "tuxedo of the future" which Paris style dictators say the men will wear? We girls might get a thrill out of stepping out with Sir Walter Scott, but as for stepping out with an 1927 imitation of the original, no thank you.

From Answers, London.

Sandy, the caddie, watched the latest convert to the royal and ancient game with contempt.

"Sandy," whispered the club "pro," "What's up now?"

"Him," indicated Sandy. "He'll never mak' a player!"

"Not so sure," said the other. "He's doing rather well for a beginner."

They watched him miss his stroke in heavenly silence.

"I tell ye," snorted Sandy, "that you'll never mak' a player. D'ye ken what he says when he misses his ba'? He just says 'Tut-tut'!"

Dr. and Mrs. O. L. Curl Here.

Dr. and Mrs. O. L. Curl motored to Maryville yesterday from their home at Pratt, Kan., and will return tomorrow morning with their daughter, Miss Mary Curl, who has been forced to give up her teaching position in the Quitman school because of a nervous breakdown.

Dr. Curl is a former pastor of the First Methodist Church here and a former persecuting attorney. He and Mrs. Curl are guests while here of their daughter and son-in-law, Mr. and Mrs. Harry Price.

What Jerry Says

There is an old fellow who lives in this town,
His name might be Johnson, Smith, Jones or Brown;
His name doesn't matter, as you and I know,
But lately he purchased a new radio.
When he had it installed this old fellow he
Tuned in on the station we'll call A. B. C. D.
The announcer proceeded at once then to tell
About all the things that they had there to sell:
Harness and overalls, shoes, prunes and seeds,
In fact every thing any one needs;
So this old fellow sent for almost everything
He thought he would need between now and spring.
Garden seed, harness, some bulbs and some roots,
Overalls, prunes, some shoes and some boots.
Then he concluded he'd investigate
The prices at home, of course now too late.
The prunes that had cost him three dollars a crate,
He could buy right at home for one ninety-eight;
His jackets, that cost one sixty-six and two-thirds,
He could buy for one fifty without change of words.
And so ad-infintum, all through the list
He had let his good money slip through his fist.

MORAL

If on all these prices you are not versed,
I advise you to talk to your home merchant first;
And then if you find that he's robbing you,
Send to A. B. C. D. as you intended to do.
To the merchant I'll say advertise all your wares,
And let A. B. C. D. talk to death about theirs.

Predicts Somerville's Reelection.

Leslie G. Somerville is a candidate for reelection as County Superintendent of Schools of Nodaway county at the approaching school election to be held April 5. During his occupancy of the office, the schools under his supervision have improved wonderfully. He has devoted most of his life in the educational field and takes great personal interest in the affairs of his office. While we have not been advised, we are of the opinion there will be no other candidate in the field. At any rate, the office has been so conducted as to make Mr. Somerville's reelection assured, at least, this is the situation so far as Hopkins township is concerned.—Hopkins Journal.

CAPE IS EASY FOR BEARCATS

MARYVILLE BASKETEERS ROMP TO 42-20 VICTORY.

DEFENSE IS FEATURE

Burks Stars In Passing, Hedges And Ungles In Scoring.—Play At Kirksville Tomorrow Night.

M. I. A. A. Standings.

Team	W.	L.	Pct.	Pts.	OP
Maryville	3	0	1.000	126	65
Warrensburg	4	2	.666	185	184
Springfield	3	4	.429	201	213
Kirksville	3	4	.429	181	201
Cape Girardeau	1	4	.200	134	165

In a game featured by accurate passing and shooting and an airtight defense, the State Teachers College Bearcats defeated the Cape Girardeau Indians last night at Cape Girardeau 42 to 20. The Maryville team started its scoring in the first few seconds of play, when Captain Joy made a free throw, and from then on the Bearcats averaged more than two points for every one made by the Southeast Teachers.

Paul Burks, Maryville center, was truly the pivot man of the game. He was in the midst of every play, and his passing enabled his teammates to score time and again.

Orville Hedges, Bearcat forward, led the scoring of the game with 14 points, and he was closely trailed by Leon Ungles, his running mate, who totaled 12 points. Burks made 8 points.

Defense Outstanding.

The Maryville defense was outstanding, according to information received from Cape Girardeau. The Indians were forced to content themselves with long shots, for they were allowed within short scoring distance but few times. The work of Captain Joy and Berst was outstanding on the defense, and Joy made 5 points while Berst made 3.

The Bearcats will meet the Kirksville Bulldogs in Kirksville tomorrow and Saturday nights. Both of these games will be received here, play by play.

Following is the play-by-play account of last night's game:

First Half.

The game started at 8 o'clock exactly. On the toss, Ungles tipped the ball back to Burks who passed to Hedges who missed a long shot. Dale of the Indians fouled Joy, and the latter made the toss for the first score in less than a minute of play. Score: Maryville 1, Cape 0. After the toss, the passing was fast and then Harris of the Indians threw a long one from center, to put the Indians ahead, 2 to 1.

Berst went down fast, and taking a pass from Hedges, made a neat basket, giving Maryville 3 to Cape's 2. Ungles followed in a moment with another on an easy chance and then Dale fouled Burks, and the center made the shot. Score: Maryville 6, Cape 2. Hedges looped in an overhead shot from the side lines to give Maryville two more points. Dale of the Indians aided by looping a long one and Joy added a field basket on another hard try. Score: Maryville 10, Cape 4.

Burks fouled Buckminister as he tried to shoot and Buck made one of the two. Burks went down fast on the next play and with his back to the goal looped in a long shot from the sidelines, making score 12 to 5. Berst fouled Kiehne and he made the toss. Then Hedges scored an easy one to give the Bearcats two more, score: 14 to 6.

Ungles fouled Harris as he shot and the referee ruled the goal counted. Harris also made one point on a free throw.

Ungles Hits From Afar.

Ungles shot a long one from center to give the Bearcats 16 points and Burks fouled Dale but he missed the goal. On a neat pass from Joy out of bounds, Hedges looped in a nice one and then Capt. Mahew of the Indians called time out. The score was Maryville 18, Cape 9.

Gehrs replaced Mahew at center for the Indians. The Bearcats resumed their brilliant passwork and Ungles tipped in a basket under the goal. Then Joy fouled Buckminister and the latter made the point. Score: Maryville 20 Cape 10. Gehrs fouled Ungles and the forward missed the goal. The Indians were missing many long shots, not getting an opportunity to shoot at close range, while the Bearcats were better on long shots.

Ungles was fouled and missed the toss, his second in succession. The play was getting fast and rough again, many of the players going on the floor in the dash after the ball. Ungles was fouled again and for the third time missed the try for a point.

Hunter replaced Dale at Guard for Cape. The Bearcats missed several attempts under the goal because of the Indians' stiff resistance there, and the play continued fast in the middle of the court. The Indians again called time out to rest and review their playing.

Bearcats Were Smiling.

down in the enemy territory as the game peared to be holding their wind and were smiling as they took advantage of the Cape rest. Peotenhauer replaced Hunter for the Indians. Cape missed several long shots from the center of the court but Peotenhauer slipped in a nice shot from the sidelines to make the score, Maryville 20 to Cape 12. Maryville took the ball to their goal on the next play but missed three shots and Cape brought it down to their end. The gun sounded ending the half as Buckminster tried a long shot. The half ended with the score, Maryville 20, Cape 12.

Second Half.

The Bearcats were passing more a tip-off 15 feet from the goal, Ungles was resumed, and took very few shots at goal in the first minutes of play. On ded 2 points for his team on a long slapped the ball through the basket for a score of Maryville 22 to Cape's 12. On long shots the Bearcats appeared just as accurate as on the short ones and they were being watched carefully. Burks made a basket on a nice pass from Ungles, to make the score 24, and then Buckminster of the Indians added 2 points for him team on a long shot.

Dale replaced Pfotenhauer. Harris made a nice dribble and scored a long shot from the teachers. Joy fouled Mahew but the latter missed the goal. The ball was quickly returned by the Bearcats and Ungles made a neat shot. Score: Maryville, 26; Cape, 18. Cape again called time out, and Maryville was willing for the rest, for the first few minutes of the half had been as fast as the first period.

On a fast running pass from Burks, Hedges dropped in a neat shot directly under the goal. Making the score 28 to 16. Hedges again scored, this time on a pass from Burks, giving Maryville 30 points. Hedges stood under the goal and Ungles rifled him a long pass and the sharpshooter stuck it through the basket, the third shot in quick succession.

Kiehne went back into the fray for the Indians relieving Gehrs, who appeared fagged by the fast pace the Bearcats set. The Indians were desperate and were trying for long shots from center without success.

Burks Misses One.

Mahew fouled Burks, but the latter missed the goal. Joy sent a long pass to Hedges from the end of the floor and the clever forward slipped in another from the corner of the court. The score Maryville, 34; Cape, 16.

Harris fouled Burks and Burks made one of the two shots for 1 more point. Burks, moving through the center of every play was the star of the game. His passes to Hedges were responsible for most of the latter's points.

Dale for the Indians scored a long shot and then Joy of the Bearcats dribbled down and dropped in a basket to even matters. The score: Maryville 37, Cape 18. Dale fouled Hedges and was taken out because of four personal fouls. Dale was replaced by Hunter. Lake also went in the game for Mahew for the Indians. Hedges missed the goal but Ungles went up and tipped it in for a field basket. Crane replaced Joy for the Bearcats and Conners went in for Hedges. There was not much time left and the Bearcats were playing with the ball.

Hunter for the Indians scored a goal on a neat toss from the sideline after evading a Bearcat. Lake fouled Berst and he made the goal. The score was Maryville 40, Cape 20. On a long pass, Burks sneaked in an easy basket behind the Cape guards to make the score 42 to 20 as the game ended.

DRIBBLE, PASS AND SHOOT
By A. Staffer.

Play-by-play reports of the Maryville-Cape Girardeau basketball game last night were received at the Nodaway County courthouse through a scoreboard operated by Paul Jones and William L. Mapel. The reports came to Maryville by a leased wire from Cape Girardeau, and were broadcast here through a special radio hook-up in the circuit court room.

The reports were sent here by Jewell Moseley, city editor of the Cape Girardeau Southeast Missourian, and they were exceptionally complete. During the first half of the game, too much power was used in the broadcasting, and the reports were raspy at times. In the second half, however, the power was cut down, and no difficulty was experienced.

The Bearcats play at Kirksville tomorrow and Saturday nights, and the games will again be received by the scoreboard-radio.

Ray Ferguson, utility guard on the Maryville team, was unable to don his uniform last night at Cape Girardeau. In the afternoon, while riding in a bus, Ferguson received severe cuts on one of his hands when the bus halted suddenly and he tested the strength of a window pane.

The game last night demonstrated the superiority of the Bearcats over the Indians, and makes it all the more probable that the Maryville team will retain its M. I. A. A. championship, since Cape has given Kirksville and Warrensburg stiff competition.

The Bearcats were the first to take the court last night. Arrayed in their black, green, and white uniforms, they showed considerable enthusiasm as they practiced long and short shots.

The Cape team appeared soon after and the brilliant red uniforms were a decided contrast to those of the visitors.

The Cape Girardeau crowd was a courteous one, and the Bearcats were given round after round of applause at many times, before and during the game.

The Maryville players experienced some difficulty on the small Cape court, but they were told that next year they will be entertained on the largest playing floor in the conference.

The Indians found that the Maryville team did not tower over them as had Warrensburg and Kirksville. A report from Cape said that the Mules and Bulldogs seemed as giants compared to the Indians, but the Bearcats were more of an equal size.

Referee Matthews kept the game well in hand last night. He called the fouls a little too closely, in fact, it was indicated.

A Cape Girardeau newspaper man commented on the fact that Burks was the star of the game, but that Hedges and Ungles both scored more points than did the Maryville pivot man. Burks did a great deal of "feeding."

Writer of Bad Check Attacks Hopkins Man

It seems a young fellow by the name of Phillips, of Clarinda, cashed a check for ten dollars at the store of the Hopkins Drug Co., some time ago and the check proved to be worthless. After writing the young man, who refused to make it right, the firm wrote to his father who paid the check. This evidently made young Phillips mad and the cowardly way he went about "getting even," is likely to cost him dearly.

It seems Raymond Lewis was in Clarinda one night about a week ago, and after speaking to young Phillips, the two walked down the street together, and when near an alley, Phillips without warning, struck Raymond with a blackjack or something else, breaking his jaw. He then ran down the alley. Raymond was given emergency treatment by a Clarinda doctor before being brought home and it will be a week or more yet before he will be able to leave his room although he is getting along as well as can be expected.—Hopkins Journal.

CHAPTER 39

The Day of Reckoning

The voice that came over the telephone sounded so faint and far-off and unnatural that at first Masterton could not place it. It might have been a voice whispering from another world.

"This is McCall. Mulholland is dead. I can give no further information to you, sir—not over the wire."

"I will come round at once——!"

"Let me warn you," replied McCall's voice slowly and distinctly, "to keep right away from that house. It's no place for you. And a word of advice which I hope you will take. Don't try to see the lady after they arrest her. You understand me? What? . . . . . Yes, it's true about the arrest. Keep out of it till you are called upon—else you may do harm."

Masterton heard the click as the receiver was hung up at the other end. He called up his friend Forbes, who promised to come round in the morning.

He passed the worst night of his life. Never, even in the darkness of Cell 237, had he known such torment.

It was nearly ten next morning when Forbes arrived. He looked at Masterton's haggard face, held out his hand, and exchanged a grip.

"I'm with you, Robert, count on me. Before I begin, tell me how much of it has come your way—tell me what you know."

Masterton told him. Forbes nodded and added what he himself had learned.

When he had finished, Masterton's face was ashen grey.

Forbes rose and placed a hand on his friend's shoulder.

"I know—I know it isn't true. Not one vestige of truth in the charge," he said quietly.

"But you've got to face facts. You were Mulholland's rival. Mulholland was the obstacle. It's well known how things were with that household. It grew worse from day to day, till the climax came. The wife left the house . . . . . the husband was found dead of poisoning. It is not Mulholland who is on his defence—it is his wife."

A groan was wrung from Masterton.

"You poor devil," said Forbes quietly. "Mulholland has taught you a lesson in the art of vengeance, Robert. She has got to face this; and the evidence is deadly . . . . Every item of it is against her . . . . so far, scarcely anything on her side. It's up to us to balance it if we can. But even then . . . . ."

"There's one thing on her side. The police will present all possible evidence against her. But they will dredge up every little of evidence that can help her. McCall has the case in charge. Can he save her?

"In a poisoning case, there is no palliation—no excuse—no glossing over; no chance of an acquittal through sympathy. It's the most fatal of all if backed by hard evidence.

"You'll be a witness—keep out of it till then. They'll have to call you. And they may break you on the wheel, Robert. Either way you'll probably come out of it badly. Take McCall's advice and keep right out of it all till they call you. Else you will do more harm than good."

Twenty minutes after Forbes had left the house Sadie Hicks arrived.

Sadie, in her neat travelling costume, her eyes bright and alert, brought a breath of freshness into the room.

She put her small hand quickly into Masterton's. She was shocked at his appearance. He seemed to have aged ten years since she saw him last.

"I've come to report, Mr. Masterton," she said, "that I've finished this vacation you insisted on my taking, and which I didn't need. But now I do want to get away—I want to get married to Mike."

"Who is Mike?" said Robert blankly.

"Mike Power? He's just the finest man that ever happened," said Sadie proudly. "Doctor Michael Power of Denver. Known him ever since I was a kid. He isn't thirty yet, and he's gotten every medical diploma there is. He's taking a vacation and he's going to Paris to study. I left him downstairs."

Masterton's face was gray and drawn.

"But you aren't happy," she said, "and I've been chattering to you about my happiness. Won't you tell me is anything wrong?"

Masterton hesitated. He had meant to keep it from Sadie. But his anxiety was too bitter, and catching at any hope, he told her how things stood with Cynthia.

"Might I bring in Doctor Power?" asked Sadie anxiously. "Of course——"

Doctor Michael Power was younger than Masterton, barely thirty, if anything a shade larger in limb and reach. His eyes were steady and gray and set very wide apart. Though radically a pure Celt, his strongly marked features had in them that curious suggestion of the Red Indian which is to be found in a certain type of American, and which seems native to the soil of some western districts.

He held out his hand to Masterton with a fine open gesture of greeting and sympathy.

"I'm more grateful than I can say, Mr. Masterton," said he, "that when Sadie was up against misfortune she met with so white a man as you. You see she kept all her troubles from me. But you won't want to hear about that now, and if you have trouble of your own may I put myself at your service?"

"It's good of you!" said Masterton returning the grip warmly.

"I am going to tell you the whole story, Doctor Power," said Masterton.

Michael Power listened, his eyes on Robert's face. Not once did he interrupt.

"It is a strange case—yet simpler than it looks," he said, "for there are only two solutions possible. The first—and the only one which will be generally believed—is that Mrs. Cynthia Mulholland, who had every reason to be rid of her husband, deliberately gave him poison which caused his death.

"The second—for we can rule out accident as not worth considering as a possibility—is that James Mulholland having determined to take his own life, deliberately poisoned himself in such a manner as to make his wife appear guilty of murder. A vengeance or an act of hatred, call it which ever you like—which if effective must be infinitely more subtle and terrible than if he had killed her. This is an answer which all men would reject unless it were clearly proved. It also seems very difficult to prove.

"James Mulholland died of poison. I'm an expert in toxicology. The police doctor says that the poison was cyanide. The police case will be that Mrs. Mulholland procured that poison and passed it to the man with her own hands; he thinking—being told, in fact—that it was medicine. But how did it come to be in the house?

"Now, sir, you can't buy a deadly poison like hydrocyanic without the greatest difficulty and a doctor's order.

"Another thing—the poison that killed Mulholland was made up in 5-grain tablets to look like headache tablets. The poison would be in powder form, crush crystals of the acid—and to conceal the powerful odour of the cyanide, it must have been filmed over with gelatine, or some such thing and then coated with sugar—let us say—to make it look white. In fact, the things were disguised capsules, rather than tablets. You follow that, sir?"

"Yes," said Masterton. "Go on."

"Very well, to make the tablets look like that is an expert's job.

"Did Mrs. Mulholland buy or procure those tablets, as they are, ready prepared? It's unlikely—but if she did the purchase will certainly be traced. If she didn't buy them, could she have obtained that poison from a source that most people would not have access to? I am afraid it will be shown that she could.

"You tell me she had two years' service during the war in Red Cross clinics. In such a position there is no doubt whatever she could have had access to hydrocyanic—which is a valuable medicine if properly administered—or any other drug in the pharmacopeia. Also with her knowledge she could quite easily make up those capsules, anywhere and at any time."

"Well, but good land, Mike . . . .!" exclaimed Sadie, "you don't suggest ——"

"I'm suggesting what it's certain the Prosecution will suggest," interrupted Doctor Power.

"Now we take Mulholland. You knew him well, sir. Had he a doctor's degree or a pharmacist's diploma? Was he a man likely to have any skill in obtaining or compounding drugs?"

"To my knowledge, none at all," said Masterton.

Power turned to Sadie: "Now, Sadie, can you help us? You knew this man, too, and not much ever gets past you.

"I've got a report here," she said, "but honest, I don't see anything in it for you."

They examined Sadie's typed report, which chronicled many apparently trival doings of the late James Mulholland. When they had finished, two of them sat silent and despondent.

"I see a gleam!" said Michael Power. "Listen."

He explained his idea and gave his reasons. Sadie turned to Robert.

"Mike's switched the light on!" she said.

Doctor Power shook his head.

"It's a light—but a mighty dim one. A hundred to once chance. Don't count on it."

He rose and held out his hand to Robert.

"Good-bye, sir" said Power.

Conception College Beats St. Joe Knights

Conception College basketball team, playing in one of the best games seen on the Conception court this year, last night defeated the Knights of Columbus team of St. Joseph 25 to 16. The Conception College team has played nine games this season, winning eight out of the nine.

The Collegiates have scheduled a game with Palmer College for February 19 to be played at Conception. Next Tuesday they will tangle with a team from Clarinda, Ia.

The line-ups last night: Conception; Irlbeck, Reising, forwards; Gales, center; Buechler and Fuckle, guards. Dempsey and Freeman were substituted. For St. Joseph: Burke and Stahlip, forwards; Towers, center; Ighoe and Stamp, guards. Substitutes, Riley and Kieffle. Donald Dowell of Guilford was referee.

The game was close during the first half. Conception scored a free throw in the first quarter while the visitors were blanked. At the end of the first half the score was 8-all. Conception led 17 to 8 at the end of the third quarter and both teams made eight points in the final quarter.

MARYVILLE GIRLS ENTER TARKIO MEET

Local H. S. Won Class A Tourney Last Year.—Drawings for First Round Games Today

The Maryville High School girls basketball team, holder of the class A trophy at the Tarkio girls' tournament last year, will leave tomorrow morning with their coach, Miss Ruth Bookman, to fight for its possession again. The winner of the trophy three years is entitled to permanent ownership.

There are two classes of high schools entered at the Tarkio tournament, with Maryville in Class A. All schools with enrollment of 200 and over are placed in class A and schools with enrollment of under 200 are placed in Class B.

Miss Bookman will take eleven girls with her to the Tarkio tournament. Drawings were made late this afternoon for the first round games.

The personnel of the Maryville squad which will go to Tarkio:

Puckett, F. Wray, C. Wray, Chick, Smith, McMurry, Murray, Stanfield, Appleman, Lauber, and Captain Miller.

Of late Miss Bookman has been starting the following line-up, Puckett and C. Wray, forwards; Captain Miller, jumping center; Chick, running center; and F. Wray and Smith, guards.

GETTING UP NIGHTS.

For Bladder Relief Is Nature's Danger Signal. Columbus Minister's Wife Relates Experience.

Rev. W. H. Mitchell, 824 No. Park St., Columbus, Ohio says. "My wife was troubled seriously with bladder irritation until we used lithiated buchu (Keller Formula). She would have to get up 6 or 8 times each night. Will gladly answer any letter."

Lithiated Buchu acts on the bladder as epsom salts on the bowels. Drives out foreign matter and decreases excessive acidity, thereby relieving irritation. The tablets cost 2c each at all drug stores. Keller Laboratory, Mechanicsburg, Ohio. Locally at Gaugh & Evans, druggists.—Adv.

"It Does My Heart Good Just To Watch That Kid Eat"

Three months ago he was thin and frail—he had no appetite and didn't want to play with other children.

Look at him now with his robust frame, his healthy color and sparkling eyes—and just watch him eat.

Cod Liver Oil would have helped him but he couldn't take the nasty stuff—it upset his delicate stomach.

So his wise mother gave him McCoy's Cod Liver Oil Compound Tablets and now the whole family is happy.

Give your child McCoy's Mother if he is weak and thin—it is rich in just the kind of vitamines he needs to build him up and if by any chance they don't help him, get your money back. 60 tablets 60 cents at Gaugh & Evans and druggists everywhere.—Adv.

Too Much "Acid?"

Excess Uric Acid Gives Rise to Many Unpleasant Troubles.

AUTHORITIES agree that an excess of uric acid is primarily due to faulty kidney action. Retention of this toxic material often makes its presence felt by sore, painful joints, a tired, languid feeling and, sometimes, toxic backache and headache. That the kidneys are not functioning right is often shown by scanty or burning passage of secretions. Thousands assist their kidneys at such times by the use of *Doan's Pills*—a stimulant diuretic. *Doan's* are recommended by many local people. *Ask your neighbor!*

BEWARE THE COUGH OR COLD THAT HANGS ON

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (Adv.)

To Those Who Suffer Stomach Distress, Gas and Indigestion

Koch's Pharmacy Makes This Offer.

Money Back If One Bottle Of Dare's Mentha Pepsin Doesn't Do You More Good Than Anything You Ever Used.

You can be so distressed with gas and fullness and bloating from an overworked, abused or weak stomach that you think your heart is going to stop beating.

Your stomach may be so distended that your breathing is short and gaspy.

You think perhaps you are suffocating.

You are dizzy and pray for quick relief—what's to be done?

Just one tablespoonful of Dare's Mentha Pepsin and speedily the gas disappears, the pressing on the heart ceases and you can breathe deep and naturally.

Oh! What blessed relief; but why not get rid of such attacks altogether? Why have them at all?

With this wonderful medicine you can overcome dyspepsia, or that condition of faulty digestion that keeps the stomach in constant rebellion and one bottle will prove it.

Over 6,000 bottles sold in one small New Jersey town last year—and the best druggists in the country over concede that its phenomenal sales are due to the fact that most cases are promptly relieved. Ask for Dare's Mentha Pepsin, a pleasant to take, health-building stomach elixir that Koch Pharmacy and regular pharmacists anywhere in America guarantee.

Former Paving Boss Seen at City Hall

Jack Cannon, who was superintendent of the Cook & O'Brien Paving Company, which has constructed several blocks of paving in Maryville, was seen at the office of Mayor W. O. Garrett today, inquiring as to the paving prospects for the coming summer months.

Mr. Cannon had just returned from Colorado, where he had been since June, where his company recently completed a fifty-six mile stretch of road for the Sante Fe.

Mr. Cannon said that he would like nothing better than to get back to Maryville this year to superintend more paving propects for the city, in order to have the privilege of living in Maryville and "voting for Mayor Garrett in April," he said.

Says Farmers Could Do Work in 20 Days

Henry Ford Is Quoted As Declaring Ten Days Enough for Actual Handling of Crop.

New York, Feb. 10.—With thorough organization and the aid of labor-saving machinery, the work to which a farmer now gives a year could be done in 15 or 20 days, Henry Ford believes. Such a sentiment is attributed to Ford by Theodore H. Price, writing in the current issue of Commerce and Finance.

Price says he learned the manufacturer's views in a recent talk at Dearborn. A part of the article follows:

"His (Ford's) estimate would allow two days for the ploughing and harrowing that must be done before planting; one day for the planting itself; one for cultivation, during growth, five days and two days for harvesting and threshing which can now be done simultaneously by a machine which cuts, threshes and bags the wheat as it is drawn through the fields by a tractor. The total of the time thus allotted would be 10 days, which is only half of Mr. Ford's estimate and would leave 10 days for ditching, fencing, distributing fertilizer and doing any other work fairly chargeable to the cost of producing a particular crop."

Wealthy Youths in Jail; Assault Charge

REBELS FAIL IN PORTUGAL

GOVERNMENT ANNOUNCES REVOLUTION IS PUT DOWN.

FIGHTING IN CAPITAL

200 Or More Dead, 850 Wounded.—Bomb Wrecks Room Of American Consul.

Lisbon, Feb. 10.—The revolutionists surrendered at Lisbon at 8 o'clock last night and the government reported it had suppressed sedition throughout the country.

London, Feb. 10.—The report of the surrender of the revolutionists at Lisbon was the first message to pass the censorship since Monday evening and presumably presents the government's version.

Hundreds Flee From Fighting.

Prior to receipt of the direct announcement from Lisbon of the surrender of the revolutionists there, dispatches received here gave details of fighting in many sections of Portugal. The populace was reported panic stricken and hundreds fled from the city in yachts, steam launches and even in row boats, up the Tagues river.

The dispatch also reported heavy fighting at Compolido and Braso De Prasa and an acute food shortage at Gaia.

The fighting at Oporto, the second city of the country, cost 200 lives and many wounded, according to estimates of a traveler from Oporto, given to the Daily Mail's Vigo correspondent. Corpses were left in the streets for several days.

The room of the American consul in the Grand Hotel, at Oporto was wrecked by a bomb five minutes after he left the room. The furniture in the room was smashed.

Deaths More Than 200.

Lisbon, Feb. 10.—Sixty known dead in Lisbon, and probably 150 dead in Oporto, today were reckoned as the greatest cost of the revolution against the Carmona dictatorship, which the government this morning announced had been suppressed.

It was estimated that 850 persons had been wounded in Oporto and Lisbon, 300 of the injuries having been reported in the capital.

The government's announcement said the rebels at Lisbon said they had surrendered unconditionally yesterday.

The Argentine consulate was among the many buildings damaged by gunfire in Lisbon.

Mrs. Sam Moon went to St. Joseph this morning.

Closing Grain Review.

Chicago, Feb. 10.—There was no continuation of the selling pressure of yesterday in the wheat pits and commission house buying, together with some local support, took the slack out of the market and prices closed higher than previously on the Chicago board of trade today.

The closing prices were ¾ to ⅞ cent higher. Receipts were 28 cars.

Corn showed independent strength and advanced about a cent. Selling pressure was quite heavy but there was a good commission house demand. Receipts were 75 cars.

Oats were steady to a little higher in sympathy with other grains and on moderate buying by commission houses. Receipts were 40 cars. The cash market was steady. Closing prices were ⅜ to ⅝ cent better.

Provisions were firmer on a rally of 10 cents in hog prices.

20 Years a Dyspeptic Now a Model of Health

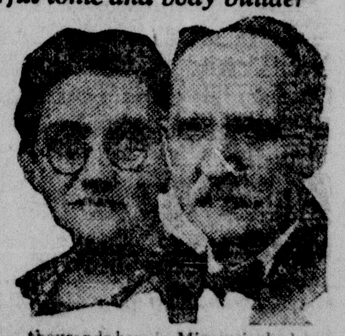
Widely known Springfield musician, her health shattered, unable to find relief, gave up all hope of recovery. Her husband tells how Tanlac put her on her feet. Gives full credit to this wonderful tonic and body builder

In her comfortable home at 638 College St., Springfield, Mo., Mrs. T. H. Bayes, an active lady of 60 years, smiled happily as her husband told of her experience. "We were very discouraged about her condition," said Mr. Bayes. "Nothing seemed to help.

"Nothing she ate agreed with her; even a little ice cream caused bloating and gas pains. She was a physical and nervous wreck and wasted to 108 lbs. A term in the hospital eased her gastritis a little but she remained weak and helpless.

"We decided to try Tanlac. To my surprise I noticed a marked improvement in her. Soon she was walking around, eating normally, and had put on weight. Now she wakes refreshed each morning, weighs 129 lbs. and does her housework with ease. She eats sausage, cabbage, sauerkraut and other foods which she could not touch for 20 years."

Mrs. Bayes is but one of many



thousands here in Missouri who have been helped by Tanlac. Profit by her experience. Get your first bottle of Tanlac today. It is nature's own remedy, made from roots, barks and herbs. Your druggist has it. Over 32,000,000 bottles sold.

Croy Men Show Improvement to Defeat Savannah 13-8 There

Critical Game Of Home Schedule Is Saturday With Westport High Of Of Kansas City.

The Maryville Spoofhounds played the best they have this year during the last five minutes of the game against Savannah last night, according to Coach Wallace Croy, commenting this morning on the 13-to-8 victory the Spoofhounds brought home from the Savannah court.

It was a hard fought battle between two teams well versed in the defensive department of basketball, which held the scoring to a low point, although both the quintets missed many shots. The Savannah team was allowed only two field baskets during the entire game. However, they missed many close shots in the early part of the struggle, which might have spelled defeat for the Maryville lads.

Maryville took the lead at the start when the Savannah center was fouled at the first tip-off and Kenny Swinford marked up a point for the Spoofhounds. The score was 1 and 1 at the end of the quarter. Maryville pierced the loop for four points in the second quarter while Savannah gathered another free throw.

At the beginning of the second half the Savannah lads got in their best licks, Stanton and Pugh each scoring a field basket, and brought the score to a 7-7 tie.

With this score standing good through a greater part of the fourth quarter, it looked as if the game might be a repetition of the game played on the College floor when Savannah nosed out a win from Maryville in a play-off.

But Kissinger, playing guard after the tip-off, dribbled up to the center of the floor with three minutes to play and arched a two-pointer that sent the Croy men on their way. They were going strong when the final whistle blew and had brought the score up to 13, while Savannah scored a point by the gift route.

Fred Barnes of St. Joseph, a former Rosendale player, did a good job of running the game, Coach Croy said. He was called upon to foul Maryville eight times and Savannah nine. Savannah made half of their points on free throws and Maryville made good three of their attempts.

Alsup, who has shown a decided improvement since the season started, was high point man with two field baskets and a free throw.

Coach Croy announced today that he had scheduled Rosendale High to play here February 25 in place of Southwest High of Kansas City. He is trying to get Burlington Junction scheduled here for Washington's birthday.

The critical game of the Spoofhound home schedule comes Saturday night with Westport High as opponent. Westport has been the leading quintet in the Kansas City High School league, and always presents a team of high caliber.
